

To Whom It May Concern,

This letter serves as a reference for Margarita Aleeva, who worked as a Community Manager at FindGuide (<https://find.guide>), an international IT startup under H1 Marketing Agency, from April 3, 2023, to September 6, 2024.

During her tenure, Margarita successfully onboarded over 1,000 guides from various countries. She also developed an online course to boost customer engagement and loyalty, wrote scripts for commercials and branded videos, published several articles on the FindGuide blog, and collaborated with the team to produce hundreds of social media posts.

Margarita's responsibilities included:

- Building strong community to enhance brand loyalty;
- Providing customer support services;
- Working with the creative team on social media content, including content planning and writing articles and scripts for promotional videos;
- Composing emails and push notifications;
- Writing app descriptions for the Apple Store and Google Play;
- Improving the app's interface and efficiency.

English was the primary working language, and all social media content was created in English as well.

As a product owner, I can attest to Margarita's significant contribution to the project. She consistently provided innovative solutions to emerging challenges. Margarita is communicative, stress-resistant, and dependable colleague who is also quick to learn and adapt. I am pleased to support her in her professional endeavors.

Kind regards,
Anastasia Gorbacheva
Product Owner at FindGuide
